Reference Latitude = 0°

Hawai`i Green Growth Targets

1. 70% clean energy
2. Double local food production
3. Reverse natural resource loss mauka to makai (mountains to the sea)
4. Build a local green workforce to achieve these targets

Hawai`i Bright Spots in Island Sustainability

- ✧ William Aila - HI Dept of Land & Natural Resources
- ✧ Neil Hannahs - Kamehameha Schools
- ✧ Eric Au – Starwood Hotels
- ✧ Mawae Morton - Polynesian Voyaging Society

Rain Follows the Forest: Watershed Partnerships

Kauai Watershed Alliance

Wai'anae Mountains Watershed Partnership

Ko'olau Mountains Watershed Partnership

East Molokai Watershed Partnership

Lana'i Forest and Watershed Partnership

West Maui Mountains Watershed Partnership

East Maui Watershed Partnership

Leeward Haleakala Watershed Restoration Partnership

Kohala Watershed Partnership

Mauna Kea Watershed Alliance

Three Mountain Alliance

- 60+ landowners & managers
- 55% of Hawai'i's land area
- Source of Hawai'i's fresh water
